It now appears that the American Federation of Labor (AFL) may emerge victorious in the recent election conducted by the National Labor Relations Board (NLRB) as a result of investigation of the balloting and disclosure that some 3,000 votes cast for the ILA are alleged to have been cast illegally.

a. Transfer of Motor Pool Functions (continued item)

25X1A Notice No. [REDACTED] Interim Procedure for Obtaining Vehicular Support at Agency Headquarters, was distributed on 30 December 1953. All chauffeur driven passenger vehicles formerly assigned to offices (except one assigned to the Director and one assigned to National Security Council) have been operating from the Motor Pool in accordance with the Notice mentioned above since 0830, 4 January. Most difficulties encountered to date have been attributable to the change in operating procedures. Close control of the entire operation is being maintained in order to ensure that service is provided and that misunderstandings as a result of the change-over are kept to a minimum. cl 2
